

# PUBLIC IMPACT FAIR CAREERS & RESOURCES

The **Public Impact Fair: Careers and Resources** is open to students from all majors at Purdue University who desire to make a positive public impact in advocacy, administrative, or service positions. This fair brings together **Government, Non-profit, and Industry** employers to offer internships and careers in a variety of **local, state, and federal government** or adjacent fields.

## STUDENT TESTIMONIAL

"Attending the Public Impact Fair exposed me to several government jobs I hadn't considered before. After talking to the Indiana State House of Representatives and the Senate, I learned about an intern's exact responsibilities and applied for both organizations. I am currently interning with the House and it's been an amazing experience. I'm so excited for the rest of the legislative session!"  
-Josie Bull, Sociology 2024 and Indiana State House of Representative Legislative Intern

## EMPLOYER TESTIMONIAL

"Purdue's Public Impact Fair was exceptional and perfect for the State Department as it was tailored to students interested in careers that are meaningful and that make a difference!"  
-Rob Neus, Recruitment Advisor, U.S. Department of State
