

PUBLIC IMPACT FAIR CAREERS & RESOURCES

The **Public Impact Fair: Careers and Resources** is open to students from all majors who desire to make a positive public impact in advocacy, administrative or service positions. This fair brings together **government, nonprofit, and industry** employers as well as Purdue **resources** to offer information on internships, careers, research and engagement across **local, state, and federal government** or adjacent fields.

STUDENT TESTIMONIAL

"The Public Impact fair helped lead me in the right direction with career professionals. Being able to talk to recruiters directly and get recommendations helped me guide my career after I graduate, making valuable contacts, securing interviews and discovering amazing internship opportunities."

Elizabeth Pierce
Political Science '25
